

Our Exclusive Signature Product Line

The TH #9 Peptide Matrix Collection is an advanced skincare collection formulated and manufactured exclusively for Pure Envee. This collection includes highly concentrated products that deliver multilayer protection to the skin while improving its appearance.

TH #9 is the result of scientific advancements made by the research and development (R&D) team at our contracted laboratory. They have been in the industry for more than 20 years and possess a combined formulation experience of more than 5 decades.

TH #9 products are ahead of the market, containing potent ingredients that other competitors don't have access to. Additionally, our contracted lab use eco-conscious practices in the creation of our line.

Additionally, our products are:

- Manufactured in accordance with Good Manufacturing Practices (GMP)
- Follow the recommendations of the FDA and Health Canada
- Carefully tested for toxicity, microbiological, temperature, and stability testing (all formulations)
- Are cruelty-free and not tested on animals
- Include botanicals extracted in-house to maintain freshness
